

- Consistent performance with Roundup® herbicide resistance
- Excellent multi-year yields in and north of maturity zone
- Adapts well to higher plant populations
- Medium height, healthy plants with very good staygreen

### Characteristics

|                          |                      |
|--------------------------|----------------------|
| Plant Height             | Medium               |
| Ear Height               | Medium               |
| Leaf Attitude            | Semi Upright         |
| Ear Type                 | Girthy, Limited Flex |
| Kernel Rows              | 16 - 20              |
| Cob Color                | Pink                 |
| Husk Cover               | Medium               |
| Flowering for Maturity   | Early                |
| Black Layer for Maturity | Average              |

### Management Recommendations

|                         |                 |
|-------------------------|-----------------|
| High Input Management   | ****            |
| Low Input Management    | **              |
| Corn after Corn         | ****            |
| No Till/Limited Tillage | ****            |
| Delayed Harvest         | ****            |
| Silage Use              | *               |
| Less Than Optimum Pop   | *               |
| Optimum Pop             | 30,000 - 34,000 |
| More Than Optimum Pop   | ***             |
